

Almost Nearly Perfect Audition Lyrics

Look at this, bent umbrella
Hardly know why you'd throw it away
I've a trick with some wire and stick
So I'll save it for a rainy day
Here's a glove, with no partner
It got lost so she tossed you aside, but
I've a date for you woolly mate
And the half-a-heaven you provide

Almost nearly perfect
Yes, it's near enough to new
Your trash is my treasure
Your good bye, is my how d'ya do
How d'ya do? How d'ya do again?
How d'ya do? Very well then

Here's a coin, well it once was
Now it's a smashed penny token
But I know that my Grandpa Joe
Would say "This is only barely broken!"
Here's a tin
Let me at it
When I run everyone is a fan
Hear the roar as I kick and I score
Then my picture's on the label of the can

It's almost nearly perfect
Yes, it's near enough to new
Your trash is my treasure
Your good bye is my how d'ya do
